- 1981 – 2015 **Pile-drivers operator**, *Vroom B.V., Middelie, The Netherlands*.
Reference: "We know mister Hooijberg as a valuable, engaged and nice employee, who performed his duties satisfactorily."

I started working at Vroom B.V. as a foreman of a pile-driving gang. Gained and learned a lot about deep foundations and all the machines involved. Since 1988 I officially carried out duties as a pile-drivers operator on different machines like: Hitachi KH100//KH125/KH150/KH230, THW, American, Sumitomo SC500, Hitachi KH180/CX700/GLS300/GLS180.
- 1979 – 1980 **Carpenter**, *Piet Hamstra B.V., Middelie, The Netherlands*.
All round duties concerning renovation (of monuments) and building new homes.

Certificates

- TCVT supplementary training - Module C + B
- TCVT certificates - W4-01 (mobile crane), W4-03 (mobile pile-drivers operator)
- VCA/SOS - Safety for Operational Supervisors
- ARBONED - Participation: Instruction of first-aid helper
- NBBE - fire fighting and evacuation - first-aid helper
- Bouwradius Trading & Advice - Safe moving of loads
- Vroom certificate - Securing of loads
- Safe Site B.V. - Working with fall protection
- Ballast Nedam - Safety Award
- Ultralight Flying - First flying license

Languages

- Dutch - Fluent (native language)
- English - Fluent
- German - Fluent

Interests

Mainly I worked as a pile-drivers operator. Because I like new challenges I gained a variety of skills with machines like hydraulic excavators, mini excavators and wheel loaders. Futures jobs located abroad or off-shore are no problem.
